

How To TURN A TEA TOWEL INTO A CARRY CASE

Tea Towels are not only for drying dishes. They can be repurposed in many creative ways ...

- ▶ as re-usable gift wrap
- ▶ wall art
- ▶ wrap for baked goods
- ▶ keep your greens crisp
- ▶ table centre piece

I recently turned one of my tea towels into a carry case for my sketch book + essential pens. Here's how ...

1. Lay tea towel face down ◀

Fold a seam along the long edges inwards to create the desired width of the carry case

2. Lay your lining fabric face up on top of tea towel & turn seams inwards to match the size of tea towel

Iron all seams

3. Fold up the 2 layers from the bottom to create the bag part of your carry case ▲

Fold top corners inwards at desired angle to create the flap

Iron all folds

4. Sew the lining & towel together as shown here ◀

5. Pin the remaining edges together & sew along the seams as shown here & sew ▶

6. It's done!

Just add a button opening or sew some ribbon onto the flap to create the closure of your choice ◀

Add Embellishment

Make it your own!
